Nationally Accredited Japanese language educational institutions for Study in Japan

**The Osaka YMCA Gakuin**

## Application Guide

Osaka YMCA was founded in 1882, with the aim of fulfilling the Biblical phrase, "Bring all the people as one", by transcending nationality, ethnicity, religion and belief. Osaka YMCA Gakuin was established in 1969 with the vision of the development of mutual understanding between people from different cultural backgrounds. Over 50 years, it has enabled people to develop a high level of language proficiency and to truly play an active role as a global citizen. We support each individual student to fulfill his or her purpose of life. We instruct students wholeheartedly with the desire that they will grow to be a dedicated member of a harmonious society.

### Preparatory Japanese Course for Higher Education

Please refer to page 3 for further details.

**We will develop high-level communication skills and provide detailed career guidance and preparation according to the goal of each student.**

This course is for those who aim to go to university in Japan. The easy-to-learn curriculum will develop advanced Japanese-language skills as well as academic skills such as "short essays" and "presentations" that will be necessary after entering the university. Furthermore, we will focus on preparation for the Japanese Language Proficiency Test (JLPT) and the Examination for Japanese University Admission for International Students (EJU). In addition, students can study English, which is necessary in all fields of university entrance exam, and Basic drawing, which is necessary in the art field, as elective subjects. We will also provide detailed career consultation services and career guidance tailored to each student's desired career path through weekly homeroom activities and interviews.

**Preparatory Education Curriculum - Approved by the Japanese Ministry of Education, Culture, Sports, Science and Technology**

- Students who have completed 10 or 11 years of primary and secondary education that require a preparatory course can also enter. To enter a Japanese university, you must have completed 12 years or more of school education abroad. However, in some countries and regions, the period required to complete high school is less than 12 years, and you are not eligible to apply to a university in Japan. Even in such cases, if you have completed a "course of preparatory education for entering university" designated by the Ministry of Education, Culture, Sports, Science and Technology and have reached the age of 18, you will be eligible to apply to a university. In our school's Japanese for University Admissions Course, you can obtain this "preparatory course." Please contact us if you need it.

### Practical Japanese Course for Career Development

Please refer to page 5 for further details.

**This course is for developing your business communication skills, by preparing for employment and improving language skills, also deepening your understanding of different cultures.**

This course is for improving the language skills required for job hunting and business scenes. In addition, you will understand different cultures and improve your business communication skills in order to play on a global stage. In a beginner to intermediate class, in addition to basic Japanese language learning, you will intensively and effectively improve your Japanese language skills in "listening/speaking", "reading/writing". In the advanced class, half of the classes are elective subjects, and you can choose five subjects from the fields of "academic", "business", and "culture". Furthermore, job seekers at the intermediate level or above can receive professional guidance from career consultants on how to write resumes and application forms, how to take interviews, and how to proceed with job hunting.

### ● Curriculum (875 hours per year)

1. Basic Japanese (Beginner 1~Advanced 2 : 14 hours per week)
  - ★ We focus on establishing a strong foundation in the basics of Japanese, including characters, vocabulary, and grammar, aiming to enhance fundamental skills that connect to language activities such as reading, writing, listening, and speaking.
2. Language Activities Subject (Beginner 1~ Pre-intermediate : 8 hours per week)
  - ★ Through activities using language needed in daily life, school, and preparation for further education including listening, reading, speaking (presentations and interactions), and writing. We aim to enhance the communication skills of each learner.
3. Japanese Characters・Vocabulary・Pronunciation (Beginner 1~Pre-intermediate : 2 hours per week)
  - ★ This course strengthens the foundational skills in characters and vocabulary, which are essential for using Japanese. Since students from Kanji and non-Kanji backgrounds have different learning methods and progress rates, classes at this level are divided accordingly. However, the goal remains the same for both classes.

4. Academic Japanese (Advanced 2 : 4 hours per week)
    - ★ This course focuses on building the foundational skills necessary for studying specialized fields after advancing to higher education. Students will learn methods for listening to lectures, reading texts in specialized fields, participating in discussions and presentations, and writing essays and reports. These skills are practiced progressively.
  5. Project work (Advanced 2 : 6 hours per week)
    - ★ Towards graduation, students prepare to present their learning achievements through collaborative projects with their peers. Activities such as "theater performances", "group recitations", and "video production" help students refine their expressive abilities in various forms.
  6. Elective Subjects (Intermediate 1~Advanced 1 : 10 hours per week)
    - ★ Students can select subjects tailored to their respective paths, whether vocational schools, universities, or graduate schools, and prepare for the necessary entrance exams. A wide range of subjects are offered, including preparation for JLPT, EJU, research proposals, and basic drawing.
- ☆ Students required to complete the preparatory education program must take 40 hours per year for each of the following subjects: Japanese Studies, English, Mathematics I, and, depending on their field, Physics and Chemistry (for Science) or Geography and Civics (for Humanities). Including elective courses (34 hours) and intensive lectures during long vacations (6 hours), the program can be completed within 6 months.

- Please check the Flywire website for input method. The address of the website will be written on the tuition invoice.
- Depending on overseas agency, you may have to pay in advance. Please confirm with them for more information.

## 3. Refund

\* The application fee is a handling fee for the Osaka YMCA and is used for processing and evaluation of each applicant.

(It is not the fee to apply for your visa.) The application fees are not refundable.

### 【Refund Policy】

#### ① Before the Enrollment Ceremony

- If the visa application is rejected, even though the proper application procedures were followed, the full amount including entrance, tuition and materials will be refunded.
- If you decline enrollment for personal reasons, tuition and fees (excluding the enrollment fee) will be refunded only if you notify us in writing of your decision to decline enrollment by the day before the entrance ceremony for each semester specified in the annual schedule.

#### ② After the Enrollment Ceremony

- If you are accepted to a Japanese university by the end of the course and your term at the university overlaps with our term, we will refund the remaining tuition fee.
- If you withdraw for personal reasons, we will deduct an administrative fee and refund the tuition fee for the unused period based on the following formula.

① Preparatory Japanese Course for Higher Education  $\{(total\ tuition\ fee\ for\ the\ semester - administrative\ fee\ 200,000JPY) \div number\ of\ weeks\ of\ classes\ in\ the\ semester\} \times number\ of\ weeks\ not\ attended = refund\ amount$

Bank fees incurred for refunds will be deducted in full.

## V. Other Features / Benefits

### Volunteer and Mutual Exchange

#### ★ Volunteer Tutor System

Weekly tutorials by Japanese volunteers offer enjoyable conversation practice and opportunities to interact with people. Students can freely talk about Japanese people, Japanese culture and their own country. They will be able to brush up their speaking skills in a friendly atmosphere.

#### ★ There are plenty of opportunities to interact with Japanese people.

By participating in volunteer programs organized by the Osaka YMCA and having close contact with people in elementary schools, junior high schools and high schools in the local community, students will have more opportunities to meet Japanese people and be able to expand their network.

### Support System

#### ★ Student 24- hour Mutual Insurance

All students can join the system at the Osaka YMCA. This system covers accidents and damage that take place in school life and daily life. It also prepares for situations such as environmental changes at home, whereby students are unable to continue to go to school.

※ It is applied to medical expenses in case of incidental injury, liability compensation for accidents caused by students in daily life, and death of students or their sponsors due to injury or illness. Support is available 24-hours a day both in Japan and overseas.

※ In the case of illness or injury, you will need to pay your own medical expenses. For this reason, those staying in Japan for 1 year or more need to join Japanese National Health Insurance Program. Those who come to Japan and enter school with a temporary visitor visa, please obtain travel insurance in your country.

#### ★ Reduction and Exemption system

We have an exemption system for the enrollment fee for those who have already passed the following tests at the time of enrollment.

- ① JLPT N2 or N1
- ② EJU(Examination for Japanese University Admission for International Students): Students with above 220 score, excluding the score of writing test. ※Only for those who apply for Preparatory Japanese Course for Higher Education.
- ③ J.TEST(Test of Practical Japanese) A-C level test: Above 600 score.
- ④ The Japanese Language NAT-TEST: Above Level 2.

※If you want to apply for the Reduction and exemption system, please tell us when you submit your Application form. You need to submit a certificate showing the test score above.
